Sacrifice
Converts To
Crisis

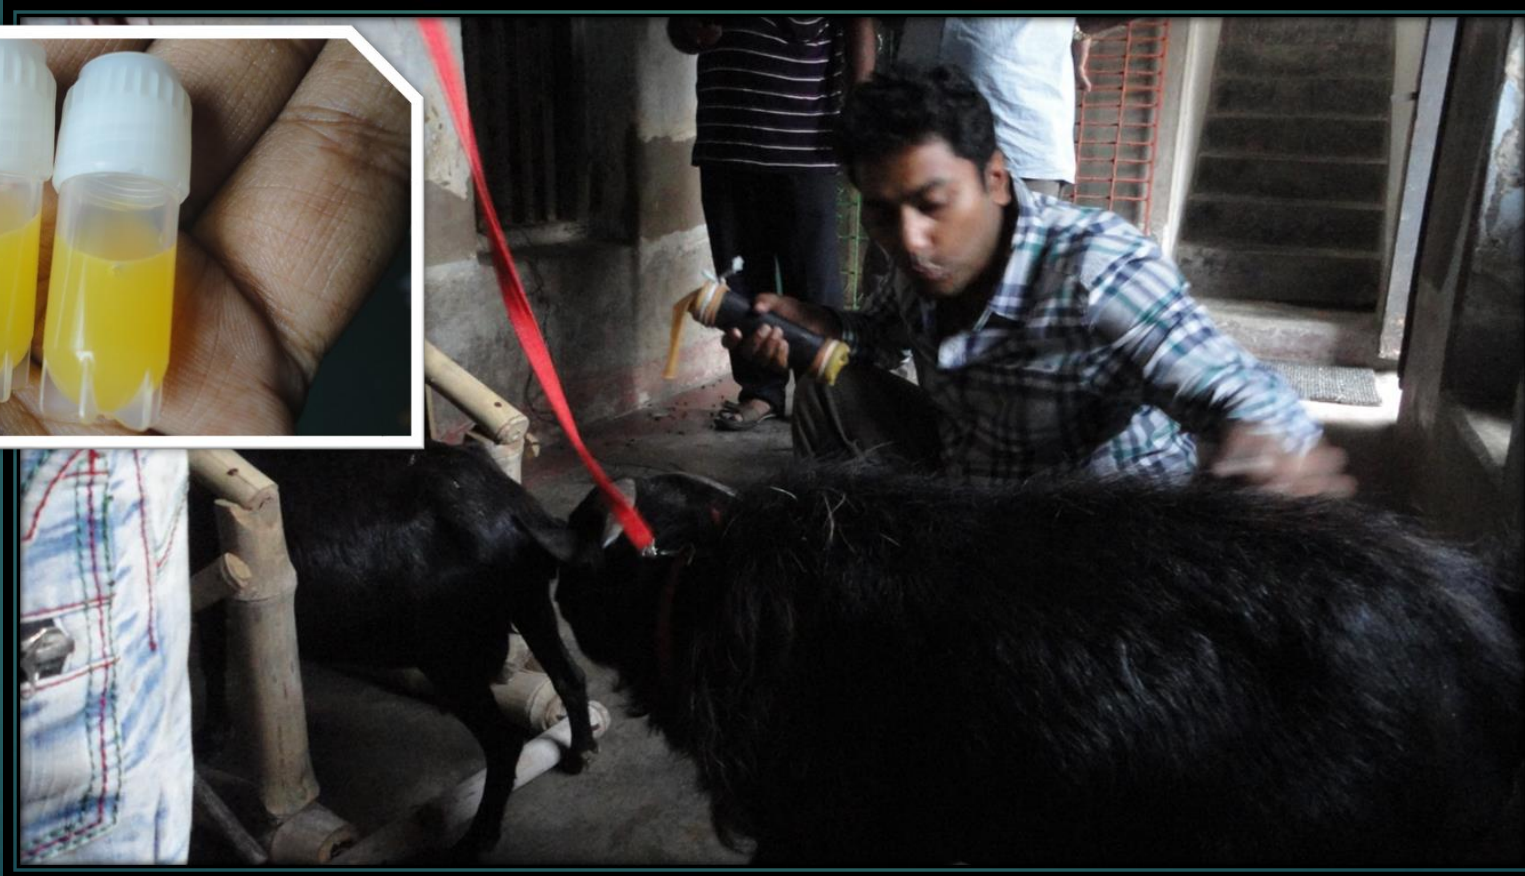

Then Inbreeding...

Present Day Scenario In Bengal

- Due to Socio & Economical Purpose Bengal Bucks Are in huge crisis.
- A goat farmer travels long distance for natural service of his / her does.
- It is very costly & waste of times.
- Inbreeding is inevitable.
- Chance Of Increasing Sexually Transmitted Diseases.

Introduction of Artificial Insemination with Liquid Semen in 2012 at Sanjevani Khamar. “A Giant Leap Towards Development”

Involving Local Unemployed Rural Youths for motivation.

Obstacles Of Liquid Semen Methods

11

Sanjevani Khannar

- ▶ Short Life Span.
- ▶ Very Tough for Long Transportation By Maintaining 4 Degree Celsius.
- ▶ Commercially Not Viable.

Dear Sir,

This is to intimate that the 25 goat serum samples (bearing No.B 44; D7; D32; D04;D02; D06; B36; B35; B39; B30; B22; D01; B31; D15; B027; B New; B048; D02; B37; D05; B29; B08; Do3; B04 and B42) provided on 22nd January, 2016 from your goat farm were screened by Rose Bengal Plate Test (RBPT) for presence of antibody against *Brucella* sp. and all the samples were detected to be negative.

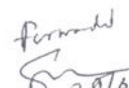

This is for your kind information.

Thanking you,

Yours faithfully,

(SC Das) 20/2/2016

Scope of further improvement...

32

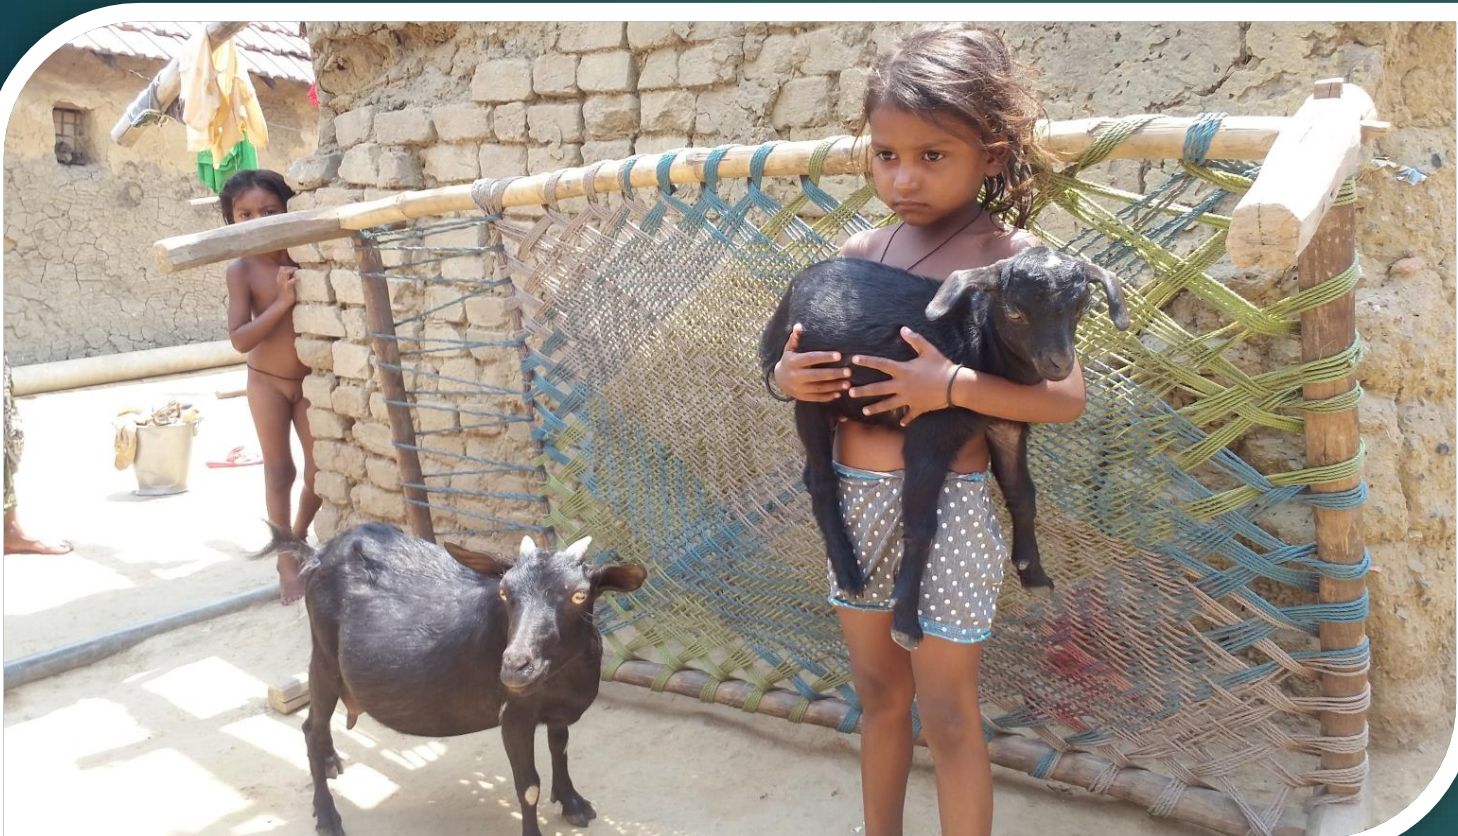

Sanjevani Khamar

- ▶ Out of 11.5 Million goat populations (19th Livestock Census -2012) only less than 1% has been covered by AI through Sanjevani Khamar, the only institute (NGO) to cater AI in Bengal.
- ▶ There is huge scope of improvement of Bengal Goats through AI with FST.
- ▶ Good quality of Goat feed concentrate to be produced & supplied.
- ▶ Treatment & Vaccination at door step as available in most of the Block as provided by Govt. of West Bengal.

According To Survey Of Govt. Of India, 2015 : 0.245 Million Ton Goat Meat Is Produced Per Year In West Bengal. If We Will Able To Increase About 10% Meat Production By The Introduction Of Artificial Insemination....

33

Sanjevani Khannar

Then Extra **24,500** Ton Meat Per Year will Be Produce In West Bengal.

Data Source : Basic Animal Husbandry & Fisheries Statistics 2015, Govt. Of India.
